COMMERCIAL GLAZING AND STOREFRONT

Chief Estimator specializing in commercial storefront, window, and glazing projects from $100K to $5M+. Expertise translating drawings and specifications into competitive bids through detailed takeoffs, scope review, supplier pricing, and value engineering. Delivered **95%+ estimate accuracy** and negotiated **5–10% material savings** on many projects.

PROFESSIONAL BACKGROUND

PROSERVICE INC. Gainesville, Georgia
CHIEF ESTIMATOR 2022 – Present

- Lead commercial glazing estimates for projects from **$100K to $5M+**, turning drawings, specifications, and quantity takeoffs into competitive proposals with 95%+ estimate accuracy.
- Developed bid strategies and value-engineering options for storefront and window systems, resolving scope and constructability issues before pricing to result in a **35%+ bid win rate**.
- Generated **$3M+ in savings** across approximately 30 projects annually, including $1.6M on the $4.3M Cherokee High School project.
- Negotiated supplier pricing and material alternatives that deliver **5–10% savings** on projects without compromising project requirements.
- Brought storefront and window-frame fabrication in-house, **reducing estimated fabrication costs by 30–40%** and shortening turnaround from several days to less than one day.
- Digitized estimating and project workflows, boosting **operational efficiency by 30%+**.
- Coordinated 15+ suppliers, 10+ contractors, 7+ recurring clients, two project managers, and teams of fabricators and installers.

GLASS INC. Atlanta, Georgia
SENIOR ESTIMATOR 2017 – 2022

- Prepared takeoffs and bid proposals for commercial glass projects valued at $50K–$3M, using drawings, specifications, labor. requirements, and supplier quotes; resolved scope questions before submission.
- Managed the $1M Atlantic Station remodel from purchasing through closeout, coordinating suppliers, deliveries, installers, pay applications, punch-list work, and warranty.
- Coordinated pricing, material availability, and requirements across a network of 20+ suppliers, 20+ general contractors, and 15+ installers.

ESTIMATOR 2015 – 2017

- Prepared storefront and glazing estimates and bid packages for $10K–$1M glazing projects, pricing materials from plans and specifications.
- Compared supplier quotations and documented scope clarifications so proposals reflected system requirements and available materials.

ASSISTANT ESTIMATOR 2014 – 2015

- Supported commercial glass estimates by organizing drawings, checking quantities, and preparing supplier pricing requests.
